2. Procedures of use Certification Marks :

- RACS owns its Certification Mark of Conformity as part of its Certification system, along with RACS QUALITY final Product (the certificate), and applicable scheme owner certification scheme. Once certified by RACS, client has the right to use RACS Mark of Conformity. Client using RACS Mark of conformity shall fully comply with requirements for the use of 3rd party marks available in ISO/IEC 17030.
- For Certification Marks belonging to Scheme owners (ESMA, SASO), the same rules and obligations and restrictions detailed in this procedure, related to Certification Marks use are applicable on the use of these marks as well.. Those marks are not RACS Property obviously, rather it is the scheme owner property , however RACS has the right to grant those marks to client in accordance with the authorization of both schemes owners to RACS to be notified body and 3rd party CAB respectively.. Once certified, client has the right to use those Marks of Conformity, and shall fully comply with requirements for the use of 3rd party marks available in ISO/IEC 17030.
- Control the use of RACS certificates & marks of conformity and scheme owners certificates and marks of conformity by its clients by following ISO Guide 23; methods and procedures are documented and communicated to client through the Procedure RACS/SOP/01Procedures of Control of RACS QUALITY License, Certificate & Mark Conformity and scheme owner certificates and Mark of conformity.
- RACS Quality makes it clear to its clients that it owns exclusively its Certification Mark of Conformity as part of its certification system, along with RACS QUALITY final Product (the certificate), and its certification scheme and the right to use RACS Mark of Conformity is authorized only to the certified clients who signed the certification agreement and are approved for certification
- RACS Quality Certification Mark is granted to Products or services meeting the applicable standards or requirements. It should be very clear that the certification mark will be used exclusively on certified products, so no confusion should happen between certified and non-certified products. Furthermore usage of certification mark should be handled with extra care and attention.
- RACS Quality assures the controlled and accurate usage of its certification mark by continuous certification auditing, 1st and 2nd year annual surveillance and re-certification audit, besides
