## PRODUCT CERTIFICATION SCHEME FOR OXO-BIODEGRADABLE PLASTIC

### 1. Objective:

This procedure describes the criteria implemented by RACS as Notified Body of Emirates Authority of Standardization and Metrology (ESMA) that **Oxo-biodegradable plastics** intended for certification with ESMA are complying the relevant mandatory schemes and applicable standards.

Furthermore, this document identifies the steps taken by RACS clients (manufacturers, traders, importers, retailers, business owners or any other client) to get their products/processes certified prior to its commercializing in the market and registered by through RACS Quality Certificates Issuing Services as ESMA Notified Body by issuing certificates of conformity in accordance with scheme owner (ESMA) regulations.

### 2. Definitions:

**ESMA:** Emirates Authority for Standardization and Metrology

**RACS:** RACS Quality Certificates Issuing Services

**Scheme:** Certification system related to specified products, to which the same specified requirements, specific rules and procedures apply.

**Certification:** Third-party attestation related to products, processes, systems or persons

**Notified Body:** a conformity assessment body designated by ESMA to conduct conformity assessment process on products and processes in accordance with related schemes/standards/regulations mandated by ESMA.

**Conformity Certificate:** Formal document issued by RACS as notified body under approval of ESMA stating that certification is being granted for the product/process in accordance with applicable scheme/standards as per ESMA requirements

### 3. Responsibility:

It is the responsibility of RACS as ESMA Notified Body to establish and maintain the appropriate system to satisfy both ESMA and client's requirements in accordance to the notification system mandated by ESMA.

It is the responsibility of ESMA clients and RACS clients to provide all needed requirements as per ESMA Notification system to ensure their products compliance to the applicable schemes and standards.

### 4. Introduction about RACS Notified Body to provide certification:

RACS is an accredited certification body and ESMA approved notified Body under its notification system mandated by UAE Decree No. (35) of the year 2015 and UAE Cabinet Resolution No (36). RACS is an authorized conformity assessment body by ESMA that it is technically competent to perform the specific tasks of certification to ESMA clients.

### 5. Service Type:

As per Scheme owner rules, RACS certifies Oxo-biodegradable plastics and issues Certificate of conformity under:

**Product Certification:** Product Certification is an either a Product Certification Scheme being implemented by (ESMA) as mandated by the Federal Law 28 of 2001.

Issuance of certificate of conformity by RACS as ESMA's Notified Body assures the compliance of products/production process with the requirements of the approved schemes, standards and others specified in the technical regulation by Emirates Authority for Standardization and Metrology (ESMA).

### 6. Scope of certified products by RACS –ESMA Notified Body:

This document cover certifies **Oxo-biodegradable plastics** with below details of sector, scope of certified products, products categories, and applicable type of certification:

Prepared by: Q.O.	Reviewed by: Q.A.M.	Approved by: M.R.
-------------------	---------------------	-------------------

**PRODUCT CERTIFICATION SCHEME FOR OXO-BIODEGRADABLE PLASTIC**

Sector (Product Group)	Scope of Certification (Scope of Products)	Product categories	Type of Certification
Chemical	<b>Oxo-biodegradable plastics</b>	<ol style="list-style-type: none"> <li>1. All Carrier Bags (including shopping bags, garbage bags, garment bags, and any disposable bags).</li> <li>2. Courier and Security bags.</li> <li>3. Mail Order Bags (Magazine and Newspaper Bags)</li> <li>4. Disposable Cutlery such as plastic plate and plastic cups</li> <li>5. Bubble Wrap and Cushioning Packaging</li> <li>6. Flower Wrap</li> <li>7. Overwrap Packaging</li> <li>8. Stretch Film</li> <li>9. Cling Film</li> <li>10. Shrink Film</li> <li>11. Plastic Liners for Cartons</li> <li>12. Personal Care products made of plastic materials such as gloves, shoe covers, aprons and any disposable personal care products</li> <li>13. Plastic bags for seedlings</li> <li>14. Polyethylene Sheets on Rolls such as table covers</li> <li>15. Bags for packaging Bread, nuts, sweets and all bakery items</li> </ol>	<ol style="list-style-type: none"> <li>1. Product Certification-Type Approval Module (B)-for Imported Plastic Products</li> <li>2. Product Certification with Facility Audit Required (Module H)-for Local Plastic Products</li> </ol>

**7. Mandatory Schemes and Applicable Standards:**

UAE Assessment Scheme (ECAS) According to the technical requirements of Chairman of the Board's Decision No. (26) for the year 2012

<b>Applicable Standards:</b>	
UAE.S 5009/2009	Standard & Specification for Oxo-biodegradation of Plastic bags and other disposable Plastic objects

If needed, Client refers to RACS to identify applicable scheme and standards.

RACS Staff to refer to RACS/REC/79 Scope of Certified Products by RACS to identify certification applicable schemes and standards.

**8. Requirements for Certification:**

Requirements varies depending on the scope of certified products; details of the documents required for certification for the scope of Oxo-biodegradable plastics as per ESMA requirements are detailed as following:

**Product Certification-Type Approval (Importers)**

1. Valid UAE Industry/Trade License.
2. Copy of the invoice for the purchased additives.
3. Test report from an accredited laboratory for plastic objects as per the requirement of UAE Standard 5009/2009 including:
  - Abiotic Degradation Test reports
  - residual material on the non-degradable fraction
  - Ultimate Aerobic Biodegradability

Prepared by: Q.O.	Reviewed by: Q.A.M.	Approved by: M.R.
-------------------	---------------------	-------------------

## PRODUCT CERTIFICATION SCHEME FOR OXO-BIODEGRADABLE PLASTIC

4. Copy of Quality management system. According ISO 9001.
5. Distributor ownership.
6. Declaration of using Plastic additive for each batch with percentage of additives.
7. Use of the Conformity Mark of Oxo-biodegradable Plastic objects as stated in Annex 1
8. Declaration of Conformity

### Product Certification with Facility Audit Required (Local Manufacturers)

1. Valid UAE Industry/Trade License
2. Use of additives which is approved by ESMA in manufacturing the plastic objects.
3. Test report from an accredited laboratory for plastic objects as per the requirement of UAE Standard 5009/2009 including:
  - Abiotic Degradation Test reports
  - residual material on the non-degradable fraction
  - Ultimate Aerobic Biodegradability
4. Copy of Quality management system according ISO 9001.
5. Vicinity Map of the Factory and warehouse where the product is stored.
6. Distributor ownership (for Traders only)
7. Declaration of using Plastic additive for each batch with percentage of additives
8. Use of the Conformity Mark of Oxo-biodegradable Plastic objects as stated in Annex 1
9. Declaration of Conformity

#### 8.1. Legal Agreements:

- Certification Agreement:
- Non-Disclosure Agreement
- General Conditions for Certification Services

#### 8.2. Fees as detailed in RACS Schedule of Fees (RACS/REC/46).

### 9. Certification Procedures

#### 9.1 Preparatory Steps:

- 9.1.1 **Application Form (Refer to table 9-A)** shall be submitted by applicant to RACS, submission can be done via RACS convenient communication methods (mail, emails, hard copy, website, E-System).
- 9.1.2 Sales and Marketing Executive/Administrative Assistant will review it to check documents availability on a primary basis.
- 9.1.3 A **quotation (RACS/REC/20 Certification Quotation)** will be sent to the applicant by Head of Sales and Marketing Department; containing the scope of certification and fees related to each step of the certification process.
- 9.1.4 Payment shall be done by the applicant.

#### 9.2 Application Review

- 9.2.1 Upon acceptance of quotation by client, he is requested to sign the **General Conditions for Certification Services (RACS/Ag/10)**.
- 9.2.2 Application along with related supportive documents will be received by RACS Conformity Manager who shall assign one of RACS technical team members-Conformity Officer.

#### 9.3 Application Evaluation

- 9.3.1 Conformity Officer shall perform conformity assessment (Evaluation) steps related to the certification scheme:
- 9.3.2 Evaluation outcome results:

#### Product Certification-Type Approval

- Detailed documents review for all the documents.
- Document review includes the checkup for Test Reports parameters and results, done by 3<sup>rd</sup> party Laboratory according to the specific technical regulations and applicable standards.

Prepared by: Q.O.	Reviewed by: Q.A.M.	Approved by: M.R.
-------------------	---------------------	-------------------

## PRODUCT CERTIFICATION SCHEME FOR OXO-BIODEGRADABLE PLASTIC

- Evaluation of product the eligibility of the Product for certification to assure compliance according to applicable schemes and standards.

Note: No of samples to be selected for testing is defined by the specific technical requirements and as per scheme owner.

- If the evaluation is pending for missing or invalid documents or other needed information to complete evaluation; additional supportive documents will be requested from the applicant.
- The evaluation includes Product Safety Verification through test reports provided on all safety test parameters requested by applicable scheme/standards, test reports shall be issued by 3<sup>rd</sup> party accredited laboratory sub-contracted according to the approved standards and applicable technical requirements.
- If test reports are not complying with standards; Conformity Officer requests rectification of the non-complying aspects, then based on applicant confirmation of rectification, collection of samples will be done to conduct the same laboratory tests again and for once.
- Evaluation will be repeated upon applicant re-submission of needed documents/information.
- Evaluation will be documented using an **Assessment Checklist (Refer to table 9-A)**.

### Onsite Factory Assessment

- Upon completion of required interventions, Conformity Officer in charge should contact the Applicant/Trader for any missing/lacking required documents to complete the process.
- The Conformity Officer in charge will also be the one to confirm the dates by completing the **Audit Schedule Form (RACS/REC/13)** of the Factory Assessment Dates/Audits as per the requirement of the standards and availability of the Conformity Officer and Auditee.
- The Conformity Officer in charge will do the **Audit Plan (RACS/REC/45)** as he confirmed the audit dates.
- Factory Assessment will commence once all the required documents have been evaluated, all necessary documents will be forwarded to the Conformity Officers who will be in charge with the Factory Assessment.
- During the Audit, the 1st Conformity Officer will be auditing Factory Compliance as per Quality Management System, while the 2nd Conformity Officer will be auditing as per the technical safety requirements of the standard for the product applied using the **Evaluation Report (RACS/REC/12)**. Additional Assessment Checklists may be required to be filled in by the Conformity Officer depending on the applicable standards of the product being certified. **(Refer to table 9-A for the list Assessment Checklists)**.
- On-Site Audit to the facility where the product is being manufactured to assure the quality management system adopted in full compliance with applicable standards and technical regulations.

Once all corrective actions are fulfilled, the Conformity Officer will complete evaluation report **(RACS/REC/12)** summary in evaluation report and shall raise the final evaluation report with his recommendation to the Conformity Manager (or his delegates) for certification review step of the products/facility intended for certification, recommendation is either:

- ✓ Either recommending approval of certification by Issuance of Certificate of Conformity; or
- ✓ Recommending rejection of certification by issuing **Final Decision Letter (RACS/REC/71)**.

### 9.4 Certification Review

Conformity Manager or his delegates will perform certification review to verify the Conformity Officer's recommendation by checking if assessment checklist/evaluation report content is found satisfactory along with complete review for the whole application and supportive documents, and then grant the final recommendation to the Certification Decision Committee. If the review and the certification decision are completed concurrently in the Decision Committee, they shall proceed with the decision after certification review is done.

**9.5 Decision of Certification:** Upon submission of this information, and as per the result of documents review and completing product evaluation process,

**9.5.1 Recommendation of approval of Product certification:** Product evaluation shows full compliance with applicable schemes/standards:

- Certification decision will be done by Decision Committee
- Granting the issuance of Certificate of conformity, recognized by scheme owner (ESMA)
- Certified Products will be listed in **RACS/REC/30-Certified Products Registry**.

**9.5.2 Recommendation of rejection of Product certification:** Product evaluation shows non-compliance with applicable schemes/standards, due to any reason preventing product from certification:

- Rejection decision will be done by Decision Committee

Prepared by: Q.O.	Reviewed by: Q.A.M.	Approved by: M.R.
-------------------	---------------------	-------------------

**PRODUCT CERTIFICATION SCHEME FOR OXO-BIODEGRADABLE PLASTIC**

- RACS will inform client/ESMA by an Official rejection statement (Letter of certification status) by e-mail stating the reason of rejection (**Decision Letter-RACS/REC/71**).

This is being documented by completing the Certification Decision Record;  
**RACS/REC/99 Certification Decision for Document Review or**  
**RACS/REC/100 Certification Decision for Onsite Audit**

Certification Decision-Onsite Audit	RACS/REC/100
Final Decision Letter	RACS/REC/71

**10. Uploading of Certificates in ESMA system:**

As a Notified Body, it is the responsibility of RACS to transfer the information to the scheme owner by uploading the Certificate of Conformity and other relevant documents in the scheme owner's (ESMA) online portal. The steps after the Certification Decision (only when recommendation is approved) are as follows;

- Upon receiving the approval of the Decision Committee, the file should be given back to the responsible Conformity Officer.
- The CO shall communicate with the Accounts Department to arrange for the payment in ESMA portal.
- When the payment is posted, the CO shall be able to retrieve the certificate no. and QR code from ESMA portal.

Prepared by: Q.O.	Reviewed by: Q.A.M.	Approved by: M.R.
-------------------	---------------------	-------------------

## PRODUCT CERTIFICATION SCHEME FOR OXO-BIODEGRADABLE PLASTIC

- d) The Conformity Officer shall assign a Conformity Assistant to prepare the draft certificate. Along with this, the Conformity Officer shall provide correct and accurate information to the Conformity Assistant.
- e) The draft certificate should be sent to the client for their confirmation. Once it is confirmed, final certificate shall be shared to the client.
- f) The Conformity Assistant should then upload the certificate in ESMA portal including the product list that should contain the necessary information such as model no., barcode, brand name, product description, country of origin, report no., applicable standard, etc.

### Notes for clients:

- For some scopes where it is required to have a quality system available, clients seeking to be certified for any of their (products or services or facility/process) to schemes and applicable standards through RACS are requested to implement relevant Quality System including documentation in a way to meet all requirements of this standard and all relevant specific standards depending on the nature of service (certified product & process).
- Client seeking extension or renewal of certification scope shall as well submit the application form specifying the extension or renewal of the certification scope.
- Whenever applicable, additional certification requirements per certification schemes: Legal & Quality documents (such as Client Quality Manual) and supportive documents (records and checklists used by applicant), are to be attached to the application form.

### 11. Renewal:

#### Product Certification-Type Approval

Validity of Certificate is one year and CoC should be renewed two months prior to the expiry.

#### Product Certification with Facility Audit Required:

Validity of certificate is three years, subject to surveillance visits every year during the certification to assure maintenance of conformity. Certificate of Conformity (COC) should be renewed three months prior to the expiry.

### 12. Process Map:

#### Module B-Product Certification

Product  
Certification.pdf

#### Module H-Product Certification with Facility Audit Required

Full Quality  
Assurance.pdf

### 13. Market Monitoring:

RACS will be conducting Market Surveillance campaigns in the local markets to assure continuous compliance of certified products and inform Scheme owner on immediate basis on the non-conformity products to take the appropriate action. Please refer to RACS/SOP/71 Market Monitoring Procedures.

**14. Sampling Procedure:** Please refer to RACS/SOP/21 Sampling Procedures

**15. Acceptance of Conformity Assessment Results:** Please refer to RACS/SOP/23 Pre-Certification Procedures

**16. Outsourcing of the conformity assessment activities:** Please refer to RACS/SOP/06-Sub-contractors Qualifications & Competence Evaluation Criteria

Prepared by: Q.O.	Reviewed by: Q.A.M.	Approved by: M.R.
-------------------	---------------------	-------------------

**PRODUCT CERTIFICATION SCHEME FOR OXO-BIODEGRADABLE PLASTIC**

- 17. Complaints and Appeals:** Please refer to RACS/SOP/07 Complaints Handling Procedure
- 18. Licensing and Control of the Mark:** Please refer to RACS/SOP/01 Procedure of Control the Use of RACS Quality License, Certificate and Mark of Conformity & Scheme Owner's Certificates and Mark of Conformity
- 19. Surveillance:** Please refer to RACS/SOP/24 Post Certification Procedures
- 20. Non-conforming products:** Please refer to RACS/SOP/24 Post Certification Procedures
- 21. Reporting to the scheme owner-**Please refer to RACS/SOP/39 Dissemination of Significant Information to the Scheme Owner and Other Concerned Parties.
- 22. Subcontracting of the operation of the scheme-**Please refer to the relevant scheme.
- 23. Marketing-**Please refer to RACS/SOP/72 Marketing Policies and Procedures.
- 24. Fraudulent claim of certification-** Please refer to RACS/SOP/01 Procedure of Control the Use of RACS Quality License, Certificate and Mark of Conformity & Scheme Owner's Certificates and Mark of Conformity.
