

PRODUCT CERTIFICATION SCHEME FOR PETROLEUM PRODUCTS

1. Objective:

This procedure describes the criteria implemented by RACS as Notified Body of Emirates Authority of Standardization and Metrology (ESMA) to assure that **Petroleum Products** intended for certification with ESMA are complying the relevant mandatory schemes and applicable standards.

Furthermore, this document identifies the steps taken by RACS Clients (manufacturers, traders, importers, retailers, business owners or any other client) to get their products/processes certified prior to its commercializing in the market and registered by through RACS Quality Certificates Issuing Services as ESMA Notified Body by issuing certificates of conformity in accordance with ESMA Regulations.

2. Definitions:

ESMA: Emirates Authority for Standardization and Metrology.

RACS: RACS Quality Certificates Issuing Services

Scheme: Certification system related to specified products, to which the same specified requirements, specific rules and procedures apply.

Certification: Third-party attestation related to products, processes, systems or persons.

Notified Body: a conformity assessment body designated by ESMA to conduct conformity assessment process on products and processes in accordance with related schemes/standards/regulations mandated by ESMA.

Conformity Certificate: Formal document issued by RACS as notified body under approval of ESMA stating that certification is being granted for the product/process in accordance with applicable scheme/standards as per ESMA Requirements.

3. Responsibility:

It is the responsibility of RACS as ESMA Notified Body to establish and maintain the appropriate system to satisfy both ESMA and client's requirements in accordance to the notification system mandated by ESMA

It is the responsibility of ESMA clients and RACS clients to provide all needed requirements as per ESMA Notification system to ensure their products compliance to the applicable schemes and standards

4. Introduction about RACS Notified Body to provide certification:

RACS is an accredited certification body and ESMA approved notified Body under its notification system mandated by UAE Decree No. (35) of the year 2015 and UAE Cabinet Resolution No (36).

RACS is an authorized conformity assessment body by ESMA that it is technically competent to perform the specific tasks of certification to ESMA clients.

5. Service Type:

As per Scheme owner rules, RACS certifies Petroleum Products and issues Certificate of conformity under:

Product Certification: Product Certification is an either a Product Certification Scheme being implemented by (ESMA) as mandated by the Federal Law 28 of 2001.

Issuance of certificate of conformity by RACS as ESMA's Notified Body assures the compliance of products/production process with the requirements of the approved schemes, standards and others specified in the technical regulation by Emirates Authority for Standardization and Metrology (ESMA).

6. Scope of certified products by RACS –ESMA Notified Body:

This document cover certifies Chemical-**Petroleum Products** with below details of Sector, scope of certified products, products categories, and applicable type of certification:

PRODUCT CERTIFICATION SCHEME FOR PETROLEUM PRODUCTS

Sector (Product Group)	Scope of Certification (Scope of Products)	Product categories	Type of Certification
Chemical	Petroleum Products	Diesel (Gas Oil)	Product Certification -Type Approval (ECAS Module B)
		Lubricating Oils for Internal Combustion	
		Petroleum Products/Others	

7. Mandatory Schemes and Applicable Standards:

United Arab Emirates scheme to control Petroleum products, No. 3 of the Year 2011.

Applicable standards:	
UAE.S 477:2013	Diesel (Gas Oil)
UAE.S GSO 1785-2:2019	Lubricating Oils for Internal Combustion Engines
GSO 1180:2010	Automatic Movement Transfer Liquid
UAE.S GSO 478:2007	Household Kerosene
UAE.S GSO 2194:2011	Specification of Aviation turbine fuel - Kerosene type, Jet A-1
UAE.S GSO ISO 8217:2012	Petroleum products -Fuels (class F), Specifications of marine fuels
UAE.S GSO ISO 4925:2009	Road Vehicles - Specification of Non-Petroleum Base Brake Fluids for Hydraulic Systems
UAE.S GSO ISO 24254:2007	Lubricants, industrial oils and related products (class L) — Family E (internal combustion engine oils) — Specifications for oils for use in four-stroke cycle motorcycle gasoline engines and associated drivetrains (categories EMA and EMB)
UAE.S GSO 1810:2007	Labelling - Labelling of Chemical Products
UAE.S GSO 63:1998	Industrial Safety and Health Regulations - Hazardous Materials - Flammable and Combustible Liquids - Part 2 Container and Portable Tank Storage
UAE.S GSO 974:1997	Transportation of Dangerous Substances by Road - Part 3 Transportation of Petroleum Liquid
UAE.S GSO OIMIL R 80-1:2011	Road and rail tankers with level gauging - Part 1 Metrological and technical requirements

If needed, Client refers to RACS to identify applicable scheme and standards.

RACS Staff to refer to RACS/REC/79 Scope of Certified Products by RACS to identify certification applicable schemes and standards.

8. Requirements for Certification:

Requirements vary depending on the scope of certified products; Details of the documents required for certification for the scope of Petroleum Products as per Scheme Owner (ESMA) requirements are detailed as following:

8.1. Documents Required:

1. Application form (Online).
2. Valid Industry/Trade License (For Local Companies)
3. Declaration of Conformity by the Applicant on the Product(s) for Registration using the Applicant's Official Letterhead
4. List of components such as additives It may contain to enhance its quality.
5. Test Report for Lubricating Oils for internal Combustion Engines as per the requirement of UAE.S GSO 1785/2013.

Prepared by: Q.O.	Reviewed by: Q.A.M.	Approved by: M.R.
-------------------	---------------------	-------------------

PRODUCT CERTIFICATION SCHEME FOR PETROLEUM PRODUCTS

6. Test Report for Diesel (Gas Oil) as per the requirement of UAE S. 477:2013 (Validity of Test Report-1 year test report).
8. Proof of Exclusive Distributorship from the manufacturer in case the applicant is a trader or an agent.
9. Location Map of the factory and/or warehouse where the product is stored.
10. Labeling Artwork

8.2. Legal Agreements:

- Certification Agreement:
- Non-Disclosure Agreement
- General Conditions for Certification Services

8.3. Fees as detailed in RACS Schedule of Fees (RACS/REC/46)

9. Certification Procedures:

Based on its role as ESMA Notified body, Procedure will be performed as follows:

- 9.1.1. **Application Form (Refer to table 9-A)** shall be submitted by applicant to RACS, submission can be done via RACS convenient communication methods (mail, emails, hard copy, website, E-System).
- 9.1.2. Sales and Marketing Executive/Administrative Assistant will review it to check documents availability on a primary basis.
- 9.1.3. A **quotation (RACS/REC/20 Certification Quotation)** will be sent to the applicant by Head of Sales and Marketing Department; containing the scope of certification and fees related to each step of the certification process.
- 9.1.4. Payment shall be done by the applicant.

9.2. Application Review

- 9.2.1. Upon acceptance of quotation by client, he is requested to sign the **General Conditions for Certification Services (RACS/Ag/10)**.
- 9.2.2. Application along with related supportive documents will be received by RACS Conformity Manager who shall assign one of RACS technical team members-Conformity Officer.

9.3. Application Evaluation

- 9.3.1. Conformity Officer shall perform conformity assessment (Evaluation) steps related to the certification scheme:

Product Certification-Type Approval

- Detailed documents review for all the documents
- Document review includes the checkup for Test Reports parameters and results, done by 3rd party Laboratory according to the specific technical regulations and applicable standards.
- Evaluation of product the eligibility of the Product for certification to assure compliance according to applicable schemes and standards

Note: No of Samples to be selected for testing is defined by the specific technical requirements and as per scheme owner.

9.3.2. Evaluation Outcome results:

- If the evaluation is pending for missing or invalid documents or other needed information to complete evaluation; additional supportive documents will be requested from the applicant.
- The evaluation includes Product Safety Verification through test reports provided on all safety test parameters requested by applicable scheme/standards, test reports shall be issued by 3rd party accredited laboratory sub-contracted according to the approved standards and applicable technical requirements.
- If test reports are not complying with standards; Conformity Officer requests rectification of the non-complying aspects, then based on applicant confirmation of rectification, collection of samples will be done to conduct the same laboratory tests again and for once.
- Evaluation will be repeated upon applicant re-submission of needed documents/information.
- Evaluation will be documented using an Assessment Checklist (Refer to table 9-A for the list Assessment Checklists below for each applicable standard).

PRODUCT CERTIFICATION SCHEME FOR PETROLEUM PRODUCTS

10. Uploading of Certificates in ESMA system:

As a Notified Body, it is the responsibility of RACS to transfer the information to the scheme owner by uploading the Certificate of Conformity and other relevant documents in the scheme owner's (ESMA) online portal. The steps after the Certification Decision (only when recommendation is approved) are as follows;

- a) Upon receiving the approval of the Decision Committee, the file should be given back to the responsible Conformity Officer.
- b) The CO shall communicate with the Accounts Department to arrange for the payment in ESMA portal.
- c) When the payment is posted, the CO shall be able to retrieve the certificate no. and QR code from ESMA portal.
- d) The Conformity Officer shall assign a Conformity Assistant to prepare the draft certificate. Along with this, the Conformity Officer shall provide correct and accurate information to the Conformity Assistant.
- e) The draft certificate should be sent to the client for their confirmation. Once it is confirmed, final certificate shall be shared to the client.
- f) The Conformity Assistant should then upload the certificate in ESMA portal including the product list that should contain the necessary information such as model no., barcode, brand name, product description, country of origin, report no., applicable standard, etc.

Notes for clients:

- For some scopes where it is required to have a quality system available, clients seeking to be certified for any of their (products or services or facility/process) to schemes and applicable standards through RACS are requested to implement relevant Quality System including documentation in a way to meet all requirements of this standard and all relevant specific standards depending on the nature of service (certified product & process).
- Client seeking extension or renewal of certification scope shall as well submit the application form specifying the extension or renewal of the Certification scope.
- Whenever applicable, additional certification requirements per certification schemes: Legal & Quality documents (such as Client Quality Manual) and supportive documents (records and checklists used by applicant), are to be attached to the application form.

11. Renewal:**Product Certification**

Validity of certificate is one year, Certificate of Conformity (CoC) should be renewed 2 months prior expiry.

12. Process Map:**13. Market Monitoring:**

RACS will be conducting Market Surveillance campaigns in the local markets to assure continuous compliance of certified products and inform Scheme owner on the immediate basis on the non-conformity products to take the appropriate action.

14. Sampling Procedure: Please refer to RACS/SOP/21 Sampling Procedures.

15. Acceptance of Conformity Assessment Results: Please refer to RACS/SOP/23 Pre-Certification Procedures

16. Outsourcing of the conformity assessment activities: Please refer to RACS/SOP/06-Sub-contractors Qualifications & Competence Evaluation Criteria

PRODUCT CERTIFICATION SCHEME FOR PETROLEUM PRODUCTS

- 17. Complaints and Appeals:** Please refer to RACS/SOP/07 Complaints Handling Procedure
- 18. Licensing and Control of the Mark:** Please refer to RACS/SOP/01 Procedure of Control the Use of RACS Quality License, Certificate and Mark of Conformity & Scheme Owner's Certificates and Mark of Conformity
- 19. Surveillance:** Please refer to RACS/SOP/24 Post Certification Procedures.
- 20. Non-conforming products:** Please refer to RACS/SOP/24 Post Certification Procedures.
- 21. Reporting to the scheme owner-**Please refer to RACS/SOP/39 Dissemination of Significant Information to the Scheme Owner and Other Concerned Parties.
- 22. Subcontracting of the operation of the scheme-**Please refer to the relevant scheme.
- 23. Marketing-**Please refer to RACS/SOP/72 Marketing Policies and Procedures.
- 24. Fraudulent claim of certification-** Please refer to RACS/SOP/01 Procedure of Control the Use of RACS Quality License, Certificate and Mark of Conformity & Scheme Owner's Certificates and Mark of Conformity.

Revision History:

Date	Revision #	Description of Changes
June 14, 2016	00	Initial
Nov 14, 2016	01	Replace PTM/REC/11 with PTM/REC/05 as per Quality Master List Modify. Related forms to include specific list of RACS' Records & SOPs related to the document. Modify List of reference to include the last updated one.
February 22, 2018	02	Remove Self-Assessment Checklist in the procedure and replace it to Application form as it has been merged.
